5.4 Code Colors

5.5 Dining room changes will maintain distancing.

5.6 Mural Thoughts, no negative feedback to date.

6.0 New Business

6.1 Major reminded residents of the current COVID 19 rules. Explained that the different code colors are still in effect, but we remain in code Yellow. We have a good supply of P.P.E for staff and for when residents must go out for medical appointments. We continue to screen all staff and visitors before entering the residence. Thanks for your understanding during this time.

6.2 The outdoor visitation shelter arrived yesterday, and we have hopes of it being ready for use by the end of next week. Resident's families will be notified when it is ready to go. Will post pictures of interior.

6.3 Langley explained that with the new COVID 19 recreation rules that we are only allowed 10 people at activities including the person running the program. This goes for recreation and spiritual programs. We told the residents if we go to code orange it will lower to a maximum of 4 and if we reach red it will be no activities and strictly 1-1 visits. Recreation rules also allow family pets to go into residents room and allow the therapy dog to attend the facility but with social distancing guidelines in place.

6.4 Major asked fellow residents what they had thought of their outings so far. Residents were very happy and pleased with being allowed out for 2 hours and for having the chance to visit with their loved ones. Reminded residents that designated driver is responsible for protecting resident while on the outing.
