6.0 New Business

6.1 Pam explained to the residents the different Covid Code Colors. Explained to resident's what PPE we will be wearing when in contact with residents. She Addressed the designated caregivers and the essential visitors difference. We have a good supply of P.P.E for staff and for when residents have to go out for medical appointments. We continue to screen all staff and visitors before entering the residence. Thanks for your understanding during this time.

6.2 We brought up the idea of doing a quarterly newsletter updating everyone in all different types of departments.

6.3 Major John updated the residents on the outdoor Visitation Centre and how families will still book through recreation. There will be no outside visits because the backyard is a construction zone. We will notify when the new center is opening.

6.4 Major told the residents that we will be shuffling people in the dining room so everyone has a chance to sit by the window and that some changes may happen due to needing extra assistance in the dining room. Thanks for your understanding.
