7.0 New Business

7.1 Dan updated the residents on new COVID 19 Guidelines. Designated caregivers can now have 2 visitors at a time, ensuring physical distancing. Fully vaccinated general visitors can visit fully vaccinated Residents in their room; proof of vaccination required; 2 can visit at once ensuring physical distancing unless from the same household; visits can be for an hour in length. We also introduced up to 4 people can now visit outside in the rear gazebo area along with 2 people can visit in the Shelter if they are from the same household. All General visitors need to book visits 3 days in advance. Social, non-essential outings are still discouraged. However, if you have a safe and detailed plan to take your loved one out, please feel free to speak to Dan about it. Again, advance notice of 3 days for any all outings is required.

7.2 Dan updated the residents within the last quarter (April-June) we have had 26 falls. Our resident restraint use was 27 and our medication errors for the quarter were 4. In the quarter we had a total of 3 different respiratory illness, 3 residents treated for Urinary Infections, 2 residents treated for skin infection, 1 resident treated for an eye infection and 1 resident treated for GI infection. Infection Rates remain low this quarter. No residents were treated twice in this quarter for the same type of infection. Staff continue to initiate the proper documentation and precautions.
